

CLUB PROFILE

2026-27

TECHNOLOGY · CREATIVITY · CULTURE

Where technology meets culture.

A student-driven community at G.L. Bajaj where technology, creativity and culture come together.

TECHNOLOGY	CREATIVITY	CULTURE
Build · Experiment · Innovate	Design · Media · Ideas	Music · Dance · Events

G.L. Bajaj Institute of Technology and Management · Greater Noida

More than a club.

The identity of Shrinik, grounded in its current public-facing vision.

Shrinik is a student-driven community at G.L. Bajaj where technology, creativity and culture come together. It is a space where students don't just participate — they create.

TECHNOLOGY

Building, experimenting and turning ideas into working experiences.

CREATIVITY

Design, media and ideas that give every Shrinik experience its identity.

CULTURE

Music, dance, events and the community that brings everything together.

COMMUNITY

One community. Different skills. Different ideas. One team building the Shrinik experience.

LEARN · BUILD · CONNECT

Weekly learning, practical building, collaboration with peers and seniors, and opportunities to create experiences that extend beyond a classroom.

Our Ideology & Vision

An editorially formulated vision based on Shrinik's current public identity.

OUR IDEOLOGY

Technology. Creativity. Culture.

We believe a student community becomes stronger when different skills are given a common purpose. Shrinik brings builders, creators, communicators, performers and organisers together so that ideas can move from learning to expression and from expression to experience.

OUR VISION

To build a student-driven community where technology, creativity and culture come together to inspire learning, collaboration and meaningful experiences.

THE THREE PILLARS

01 · TECHNOLOGY

Explore, experiment and build solutions that turn ideas into working experiences.

02 · CREATIVITY

Give ideas an identity through design, media, editorial work and campaigns.

03 · CULTURE

Bring people together through music, dance, events and shared experiences.

The Shrinik Experience

From learning and building to collaboration and campus culture.

01

LEARN

Workshops, experimentation and shared knowledge.

02

CREATE

Technology, design, content, media and performance.

03

COLLABORATE

Different teams, skills and ideas working as one.

04

EXPERIENCE

Events, campaigns, performances and community moments.

05

IMPACT

Creating experiences that people remember and ideas that move forward.

THE SHRINIK ECOSYSTEM

What We Create

The club's public-facing activity areas.

TECHNICAL EVENTS Workshops, competitions and experiences built around technology.	CULTURAL EVENTS Music, dance and creative experiences that bring campus together.
WORKSHOPS Learn, experiment and build alongside the Shrinik community.	COMMUNITY Ideas, collaboration and shared experiences that keep the club moving.

A simple way to read the Shrinik model:

LEARN → CREATE → COLLABORATE → EXPERIENCE

This framing reflects the current website's emphasis on technical events, cultural events and workshops, while connecting them to the wider student community.

Our Journey

Previous events recorded in the supplied Shrinik content document.

01

GLB TALKS

Ideas · Conversations · Community

A flagship annual event organised by Shrinik Club.

02
